

# SETEM Catalunya is providing 10 grants to attend Power Shift

*Read here how to apply*

Power Shift is a 5-day training event in England open to students who want to shift power from big businesses and elites to people who believe another world is possible. **Workshops on Coalition Building, Art for Activism, Going Viral on Social Media, Campaign Strategy and more will be offered.** Meet inspiring young organisers from around the UK and Europe!

Power Shift 2019 is organised by People & Planet will be held **from 3 to 7 July at Cudham Shaws Campsite, 144 Cudham Lane, North Cudham, UK, TN14 7QT**. You can check all the information on Power Shift, including the programme and practicalities in P&P's website.

This is an activity of the Make ICT Fair consortium lead by our partner organisation in the UK, People & Planet. **SETEM Catalunya will cover the travel and attendance costs of 10 Catalan students motivated to take action in their Campuses and SETEM Catalunya's labour rights activists group**, which designs and executes street actions on Clean Clothes Campaign and Make ICT Fair project - labour rights in electronics industry - and supports public events such as the Mobile Social Congress.

In Catalunya, there is a University Consortium called *Consorti de Serveis Universitaris de Catalunya* "CSUC", which is the responsible for buying electronic devices for all universities. We believe this consortium might affiliate to Electronics Watch in order to guarantee good working conditions for the people who are producing these devices. Having that in mind,

SETEM is launching a campaign called *Universitats en acció* which aims to mobilize the student's community to put pressure on their universities to force the CSUC's affiliation to Electronics Watch.

**If you wish to apply for a grant and be part of the 10 Catalan students to be able to attend Power Shift 2019 as a SETEM Catalunya's ambassador this is what you have to do:**

- Check the Power Shift 2019 description and programme on the website to be fully informed about the training event.
- Check SETEM Catalunya's campaigns to see how you can get involved.
- Prepare your candidacy, either individual or collective (up to three people who would apply as a group), with a brief presentation of yourself/ves and your activist records, your motivations for Power Shift and your intentions or ideas to become a multiplier for social change in your University once you are back, explaining a concrete campaign you could do in your campus related to the Campaign *Universitats en Acció*, for example.
- Record a video of yourself to explain this in English in about 30 to 50 seconds for a single candidacy, longer if necessary for a group one.
- Send an email with a link to the video (do not attach it in the email please) to **campanyes@setem.org** by Monday 20 May including your:
  - name and surname
  - date of birth
  - city of residence
  - university, studies and year.

SETEM Catalunya will assess the videos to select 10 people according to the following criteria:

- Motivations to attend Power Shift 2019.
- Ideas or projects on how to mobilise Catalan students/citizens in favour of human rights in global supply chains such as electronics and garments with Power Shift learnings.
- A concrete action to do in your campus to force your University to demand the CSUC affiliation to Electronics Watch. The aim of these actions is to raise awareness among the rest of students about human rights violations in electronics supply chain.
- Track record of activism in social movements and student representation if any.
- Level of English to ensure you can make the most of the training and multicultural environment.

People from all nationalities, ethnicities, religions, sexual orientations and gender identities are welcome to apply for SETEM Catalunya's funding. The only requirement is being a current student in one of the Catalan universities and have come of age.

Selected candidates will be contacted by 5 June with instructions on how the scholarship will be formalised.

SETEM Catalunya will use your data solely for the afore mentioned purposes and will not make publicly available the videos sent by the candidates.

In accordance with the provisions in force in the Protection of Personal Data, we inform you that your data will be incorporated into the data treatment system owned by SETEM Catalunya with CIF G59523910 and with a registered office located at BISBE LAGUARDA 4 08001, BARCELONA.

SETEM Catalunya informs that it will proceed to treat the data in a lawful, loyal, transparent, appropriate, pertinent, limited, accurate and up-to-date manner. In accordance with current regulations on data protection, you may exercise the rights of access, rectification, limitation of treatment, deletion, portability and opposition to the processing of your personal data by directing your request to the indicated postal address above, in the email [catalunya@setem.org](mailto:catalunya@setem.org) or by phone 934415335. You can also contact the competent Control Authority to file the complaint that you deem appropriate.
